

Bank Addition process

Open our website https://qk.nirmalbang.com/

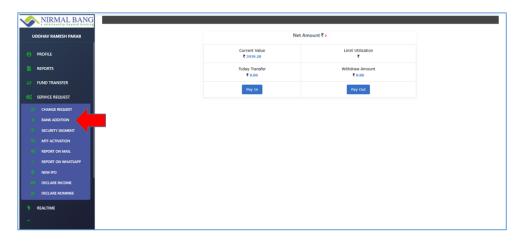

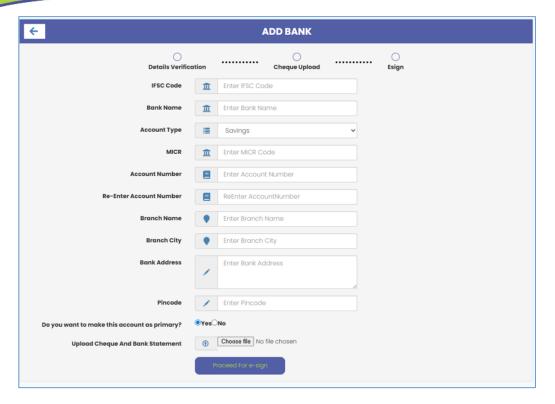

Login your account if you know password, If you don't know password select Forgot Password option If you are new user select New User or Register option

Put your details create password as directed on page and login your account

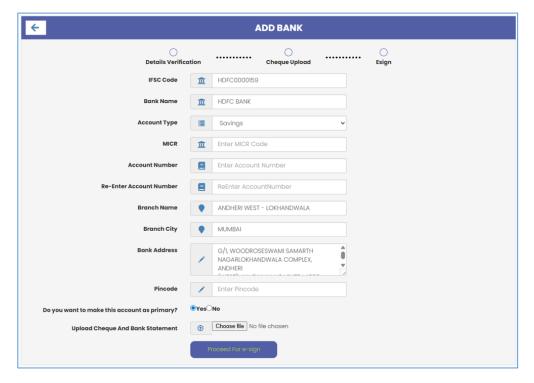

Click on service request option

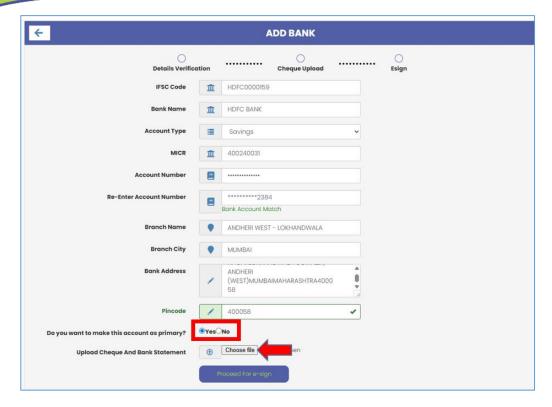

Put your IFSC code, once you put complete IFSC code system will automatically fetch bank details like bank name and branch address mapped to IFSC code

Please note that you have to fill MICR code and Pin code, it would not fetch automatically, then enter your bank account number

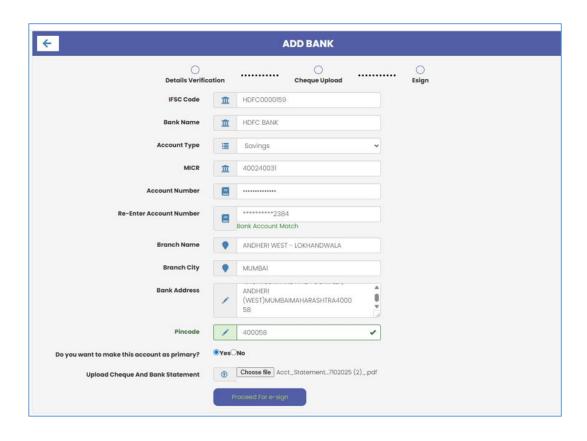

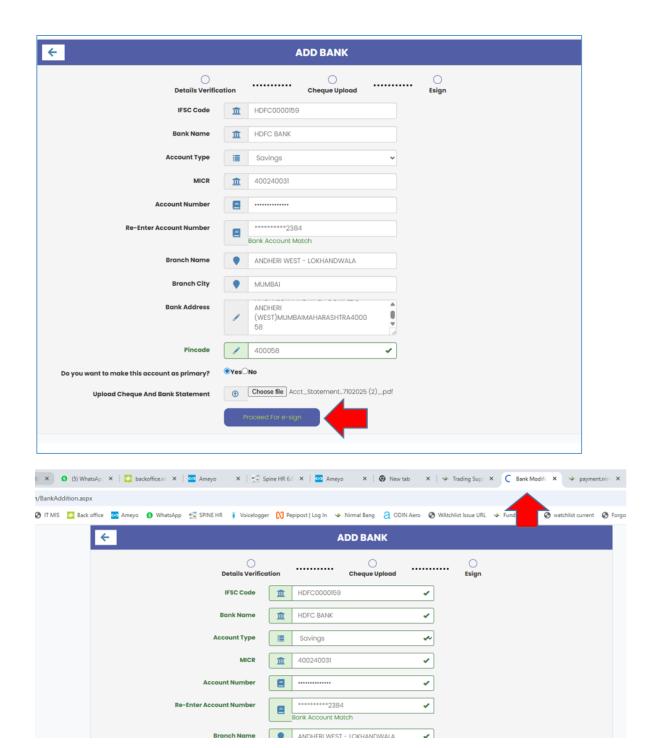

Please note following points carefully

Latest bank statement (not more than 2 months old) or cancelled cheque (Account holders name printed on it) is require to upload in pdf file format only. It should not be more than 2MB in size.

If you want update bank for both DP and Trading then select "Yes", if you are selecting "No" then bank will be updated For trading only,

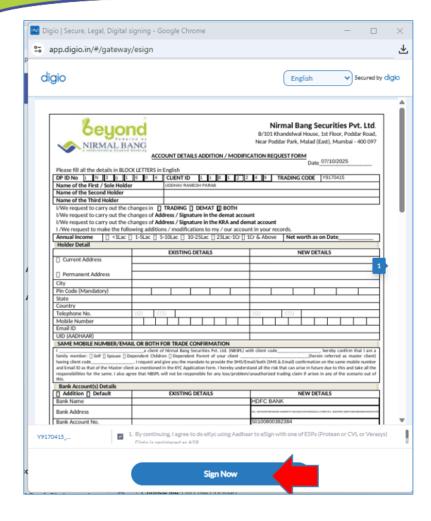

Then select "Choose file" option and upload required file and select "Proceed For e-sign" option, Please make sure that pop up blocker allowed on your browser

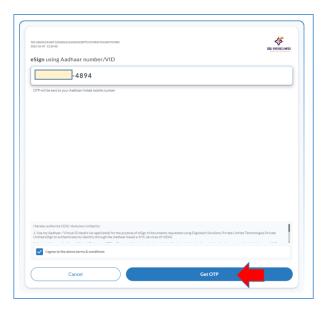

Then Digio page will open, check your details and click on Sign Now option

Then following page will open, enter your Aadhaar number, and tick on agreement for term and condition, click on "Get OTP"

You will receive OTP on your Aadhaar registered mobile number, enter that OTP and click on Verify OTP

After successful verification of OTP following windows will appear and it redirected to home page.
